WHAT OUR CLIENTS SAY....

"... the staff never gave up on me and have helped me create a life I only ever dreamt of..."

*"They gave me choice in the services I received and asked what I **wanted** rather than telling me what I **needed**"*

"The team have always been so professional and respectful of my disability and special needs"

ABOUT US

NDMHS (National Disability and Mental Health Services) is a registered NDIS provider. We provide a range of services for **people with intellectual and mental health diagnoses, psychosocial disabilities, complex physical illness, and aged care.** Our diverse team of health, social and environmental workers specialise in providing tailored services and support to assist clients in their own home and with community-based activities. We believe in person-centred services and recovery-based practices. Our referral processes and systems have been streamlined for speed and efficiency. We understand the importance of service delivery for our client's daily lives and overall wellbeing and offer no waiting periods for urgent needs.

NDIS REFERRAL PROCESS

The NDIS (National Disability Insurance Scheme) is designed to provide support to any eligible candidate with intellectual, cognitive, sensory, and psychosocial disability. The NDIS also provides early intervention supports for eligible candidates with disabilities or children with developmental delays. It is important to note that NDIS is not a welfare system. The NDIS is a scheme designed to help people get the support that they need to improve their skills and independence over time.
